Agenda Items	Discussion	Outcomes
Introductions	Meeting called to order at 5:30pm	
Review of Minutes	The fall meeting was a virtual meeting with the CODA Site Visitors.	The FCC Advisory Committee shared their support of the program with the CODA Site Team.
Reports		
Dean of Allied Health, Physical Education, and Athletics (Lorraine Smith)	<p>Lorraine presented information on the Allied Health Programs.</p> <p>Information on the Perkins Act and the metrics used to qualify for federal funding. The funding is used to support career technical education in the California community college system.</p> <p>She shared the growth of SCCC and how this will impact allied health programs and the college overall. A presentation on AB 927 Baccalaureate Programs which could be offered for high unit earning programs was discussed.</p> <p>A new classified position for the DH Program; Career Technical Education Lab Assistant will be posted soon.</p>	<p>Perkins funding has provided instructional supplies and equipment needed to keep pace with industry standards.</p> <p>A few programs at FCC will be moving to new locations in the district.</p> <p>Dental Hygiene will be the first program to apply for this opportunity.</p> <p>The classified professional will mainly support clinical operations but will support the program as needed.</p>
Dental Programs Dental Hygiene Director's Report See submitted report	The second-year dental hygiene students are on track and will graduate May 19, 2022. The first-year students are working on completing competencies. The CODA report was discussed with the	The class of 2022 will graduate 21 students. The class of 2023 has 24 students. The lottery had 196 applicants, and the program will accept 30 students to begin

	Advisory Committee. There were 2 recommendations. Both recommendations were addressed in a response to CODA and accepted with no reporting requirements until 2028.	in the fall. The Advisory Committee is supportive of the Dental Hygiene Curriculum and supports curriculum changes that may be necessary at any time.
Dental Hygiene Clinical Report	The clinic is returning to normal clinical operations since the pandemic. The students are using the cordless battery-operated polisher and are using ultrasonic scaling as needed.	Patients are satisfied with the treatment they are receiving.
Dental Programs – Dental Assisting stand-alone courses	The Dental Assisting Certificate of Achievement will be offered this summer beginning with the Radiation Safety course. The Practice Management and Infection Course will be offered in the fall. Dr. De La O is the supervising dentist for the radiation safety course. He is looking forward to teaching the students about dentistry and professionalism through simple and practical methods.	The courses will be offered 1-2 times per year depending on enrollment.
Adjunct Faculty Representative Report See submitted report	The spring CDHEA meeting in San Jose was postponed to September due to the pandemic. One new adjunct faculty member was hired; Angela Sample-Paige.	The PT faculty will be attending the fall CDHEA meeting in San Jose.
Class of 2022 Report	The class began and will end the program during the pandemic. The students have participated in Club Rush on campus to promote the DH services offered by student clinicians.	The Pinning Ceremony will take place at the FCC OAB on May 19 at 5:30pm
Class of 2023 Report	The Class of 2023 are working hard to complete competencies and prepare for final examinations.	Looking forward to 2 nd year in DH program.
