Hello Lynell,

Thank you for reaching out and providing this update regarding Compton College's request for labor market information regarding your Apple Mobile App Development program. It's great to see the initiative in expanding educational opportunities in this field.

I appreciate you making us aware of your program, and I will ensure that our faculty are informed about it. We, at LASC, offer Apple Coding certificate of Achievement and teach Apple Mobile App Development courses. I will be glad to offer my assistance if needed. Should any questions arise regarding program content or any potential collaborations, we will not hesitate to reach out to Rashid Yahye.

Wishing you continued success in your endeavors at Compton College.

Take care,

Naja El-Khoury

Co-Chair, Curriculum Development, Los Angeles Southwest College

Computer Science Professor

Los Angeles Southwest College

1600 W. Imperial Highway

Los Angeles, CA 90047-4899

Subject: iOS/Apple Mobile App Development Program

Hello Colleagues,

I am writing to inform you that last month Compton College submitted a request for labor market information to the Center of Excellence regarding our Apple Mobile App Development - Certificate of Achievement (attached). In my search of college programs in the LA region, only Mt. SAC and SMC have iOS mobile applications-based programs in the Chancellor's Office inventory and we wanted to make you aware of our intent.

If you or your faculty have questions regarding our program content please contact Rashid Yahye, Department Chair/CIS Faculty, at ayahye@compton.edu.

Sincerely,

Lynell R. Wiggins, Director
Business and Industrial Studies Division
