

Colleges Contacted

List of colleges contacted for collegial consultation
SMC Homeless Service Work Certificate
10-31-23

The other 18 colleges in our region were contacted for our upcoming planned Homeless Service Work Certificate. Given the unique nature of this program that is unlike any other in our region we contacted all colleges and provided documentation about the program. At this time we have received no objections and several colleges us encouraged and congratulated us for the progress made so far on this project.
