Subject: RE: Welding and Metal Fabrication Advisory Committee and Certificates of Accomplishment

Tim,

Thanks for having me at your shop, I'm always glad to work closely with your college. Per our discussion I believe the programs listed below should be added to the list of Approved Certificates of Achievement. Students with expertise in these areas are in high demand, and the added value to the student being able to have these courses bring real value to their transcripts should be an excellent way to motivate them to master these skills. Let me know if I can be of any further assistance. Thank you.

Respectfully,

Paul G. Anderson - General Manager

Encore Welding and Industrial Supply, LLC.

Subject: Welding and Metal Fabrication Advisory Committee and Certificates of Accomplishment

Mr. Paul Anderson,
Encore Welding

Dear Paul, It was great catching up with you today. As per our phone conversation, the Governor is proposing a change in the California Community Colleges' funding formula. This change will require the college to receive some of its funding based on completions of degrees and certificates. The college may only include

Subject: RE: Long Beach City College- Welding and Metal Fabrication Advisory Committee-

Good Afternoon Tim,

I reviewed the “**Advanced Arc Welding (SMAW and FCAW)**” and “**Shielded Metal Arc Welding (SMAW)**” certificates this weekend and I cannot see any change suggestions at this time.

Certificates approved.

Please let me know if I can assist in any other capacity. Have a wonderful week!

Best Regards,

Cade Anderson
