Discussion Notes:

- Introducing Business Data and Analytics – new program with new courses
 - Data analytics is one of the fastest growing job sectors in the market.
 - Professionals in a variety of industries can benefit from this certificate in Business Data Analytics
 - Ie: Business, Accounting, Marketing, Management, Finance and many more
 - Descriptive, predictive and prescriptive analysis
 - Employment Opportunities:
 - Predicted 2.7 million open jobs in data analysis, data science and related careers in 2020
 - Estimated 11.5 million new jobs by 2026
 - About 1 in 4 Business Analyst job openings were in Los Angeles or San Diego, which is the highest rate of the six jobs included in the study through the US Bureau of Labor Statistics making the location proximity to the Los Angeles basin a greater incentive for future employment
 - Current salary examples with increased percentage for candidates obtaining certifications

Proposed Business Data Analytics Certificate of Achievement (19 units)

- Courses within the Certificate include:
 - BUS 9 – Introduction to Business (3 units)
 - STAT 15 – Statistics for Business and Economics (4 units)

 - Entrepreneurship & Small Business Management Certificate of Achievement (19 units)
 - Retail Management Certificate of Achievement (25-26 units)
 - International Business/Trade Certificate of Achievement (22-24 units)
 - Finance Certificate of Achievement (19 – 21 units)
 - Customer Service Occupational Skills Certificate (12-16 units)
 - Entrepreneurship Low-Unit Certificate of Achievement (9 units)
 - Hospitality Management Entrepreneur Certificate of Achievement (18-19 units)
 - Hospitality Management Certificate of Achievement (19 units)
 - Hospitality Service Leadership (9 units)
 - Medical Sector Hospitality Food and Beverage (9 units)
 - Cruiseline Sector Hospitality Leadership (9 units)
 - Certified Culinarian AS/Certificate of Achievement (19 units)
 - Certified Baker AS/Certificate of Achievement (19 units)
- State of California works closely with State Chancellor’s Office for all the community colleges
 - Priority focus should be on employing stranded workers
 - Streamlining certificates
 - Removing any courses that are not specifically required in order to finish a certificate
 - Hope and goals are that students will complete a certificate quickly, be gainfully employed, then move forward to their next degree or certificate
- Questions pertaining to courses/certificates?
 - Does the Hospitality Management Entrepreneur Certificate of Achievement include any courses covering the financial side of food, beverage and labor cost and if there are other financial considerations of being an entrepreneur covered in these programs? Yes, HOSP 021 and HOSP 162 in that certificate do cover this content
 - HOSP 021 Food, Beverage and Labor Cost Control Catalog Description

- Financial management of food, beverage, labor, supplies, and other costs within a hospitality operation. Overview of structure and financial performance with an emphasis on problem solving and application of cost control techniques, such as cost, volume, and profit relationships and establishing cost standards, to maximize profits while managing expenses. Customer service, sociocultural trends, and career opportunities are explored
 - HOSP 162 The Hospitality Entrepreneur Mindset
 - Topics specific to opening a food and beverage business where licensing, health department, incubators, accelerators are covered in addition to a general business execution plan
 - Food Safety and Health course HOSP 003 – Does this class cover what major changes have affected all the current protocols that we did not expect this year due to COVID?
 - Yes, PCC stays current with the CDC and all instructional material presented to the students is as current as it can possibly be, especially with respect to COVID and how it has changed the Hospitality industry in every way
 - Human Nutrition NUTR 011 course is geared toward the Medical Sector Hospitality Food and Beverage Leadership Certificate of Achievement so the students can be well rounded and succeed in this specialist field in the medical sector
 - HOSP 045 Guest Service Management gives students the big picture of how to manage a staff of people, in the lab setting and in the classroom
 - Business Data and Analytics Certificate Courses – Both the role of behavioral finance and environmental/sustainability are covered in the courses within this certificate
 - Information learned from this certificate and skill sets are transferable to other sectors so students can easily pivot
 - As we do our best to make degrees approachable for students to give them the opportunities to receive these skill sets at the community college level
 - Rationale for utilizing Python
 - Most relevant training that most companies are currently pursuing
 - Free to use
 - Sales and Marketing Certificate – practical applications such as LinkedIn
 - Utilization of the Freeman Center
 - Webinars and online seminars and trainings for students on how to use their LinkedIn more than just traditional resume building
 - Robust internship program for paid and unpaid internships at a variety of unit levels through the Freeman Center
 - Gainful employment for students by leveraging resources we already have on campus pairing those with other new courses puts forth the opportunities for the most current and relevant certificates for students
- **Question #2: What opportunities do you see for the future? What skills do they need to learn in order to be successful? Where are the biggest hiring sectors?**
 - Alternative work for stranded workers
 - Start ups
 - Home Improvement
 - Gaming
 - Pet products
 - Virtual Personal Trainers
 - Box Subscriptions
 - Business Analytics
 - Solidifying the entrepreneurial mindset
 - How are you able to interpret data and communicating that into action plans and results

- Identifying how people's habits/lifestyles are changing in the hospitality industry, particularly how systems are adapted in how people dine and get food for themselves
- Bachelor of Science and Business Administration partnership with Cal State LA
 - All classes will be on the PCC campus, whether remotely or not and they would be able to finish their degree in two years locally for a total of four years in the same location
- Business Administration Department asks the advisors for their vote of support to recommend the following certificates and courses
 - **All Advisors approve and provide their heartfelt recommendations and votes of support for all proposed certificates and courses presented above**
 - All advisors were provided with a document that detailed the proposed Certificates and their subsequent courses included in each certificate 1 week prior to the Advisory meeting
- Heartfelt thanks to all advisors, Dr. Kiotas, Business Administration Committee Members, and Freeman Center representatives for making this advisory meeting happen
- Meeting adjourned at 1:03pm.
