

April 27, 2018

Moorpark College, Ventura College, and Oxnard College held a regional Cyber Security Advisory committee meeting which included a speaker (Kimberly Pease) who spoke on issues related to Cyber Security and the need for Regional Training. Programs were reviewed and suggestions for continued development were made.

Multiple Deans, and a 50%/50% Breakdown between Industry and Faculty. Moorpark was identified as the Regional leader in Cyber Security given its current course depth and faculty expertise.

New suggestions included continued expansion of Cyber Security courses and alignment with Industry Certification. A review of current and proposed CNSE Security courses were explained and agreement was reached to continue developing a Cyber Security program.

Meeting began 8:30 am and concluded at 12:30 with presentations showing support and need for Cyber Security training across the Ventura County region.

***See attached Roster for large attendance of over 40 participants and a large industry participation including our Regional Deputy Sector Navigator – Paula Hodge.***

**Note: VP Julius Sokenu, and Dean Howard Davis in attendance, and over 12 CIO, CEO, and IT Directors in attendance.**
