Re: PPC Memo – Automotive Collision Structural

American River College requested labor market data from the North (Greater Sacramento) Center of Excellence for new program proposal: Automotive Collision Structural. This memo supports Los Rios' program development process through the Program Placement Council.

This memo analyzes occupational demand, wages, and program supply data to assess labor market gaps in the North (Greater Sacramento) subregion. The data covers the seven-county North (Greater Sacramento) region and comes from EMSI. Occupations are aligned to career education programs using the Center of Excellence TOP-to-CIP-to-SOC crosswalk and the ONet OnLine CIP code education crosswalk.

Findings

- The occupations aligned to the proposed automotive collision structural program includes automotive body and related repairers.
- The entry-level wages for autobody repairers starts at approximately \$22 per hour, which is more than the living wage (\$14.53) for a single adult in the Greater Sacramento subregion.
- Between 2021 and 2026, there are 91 projected annual job openings for autobody repairers over the next five years.
- Between 2018-19 and 2020-21, community colleges in the Greater Sacramento subregion conferred an average of 4 awards per year in automotive collision repair (0949.00) programs.
- The other postsecondary training providers issued an average of 64 awards in related autobody collision repair technology (47.0603) code programs over the last three academic years.
- Analysis of the supply-gap shows an undersupply of autobody collision repair workers in the Greater Sacramento area.

Please contact Ebony Benzing, COE Research Manager, for further information at Ebony.Benzing@losrios.edu or 916-563-3215.

Exhibit 1. Occupational demand and educational supply data for aligned North (Greater Sacramento) programs

Top6	Top6_Title	SOC Code	SOC Title	Typical Entry-Level Education	Entry-Level Wage (25 th Pct.)
0949.00	Automotive Collision Repair	49-3021	Automotive Body and Related Repairers	H.S. Diploma or equivalent + Long-term OTJ training	\$22.54

Geography - The program identified specifically targets the labor market need for trained workers in...				
Region/Subregion list			County list	
North/Greater Sacramento			El Dorado, Nevada, Placer, Sacramento, Sutter, Yolo, and Yuba	
Demand - the program(s) prepare students to work in the following occupations...			Supply - On average, how many awards (certificates and degrees) area conferred by community colleges and other post-secondary institutions in the region/county identified?	
SOC Code	Occupational Title	2021-2026 Avg. Annual Openings	Institution Type	2018/19 - 2020/21 Avg. Annual Awards
49-3021	Automotive Body and Related Repairers	91	Community Colleges	4
			Other Post-secondary Institutions	64
