Hi Heather,

The American Horse Council just released its 2017 National Economic Impact Study results for the equine industry. The impact and job opportunities are broken down by state. Unfortunately the report costs 50\$ to download. While I am happy to purchase it I thought we could start with a link o the general report and if the committee wants the specifics then I would go ahead and pay for them. Here is the link;

Here is another link to a national position.

I have also added a few local ads for equine positions. I'll send you more as they come to me.

Sincerely,
Julie Haynes
