

To Whom It May Concern:

As a representative from Norm Reeves Honda Superstore Vista I, Ryan Perkio endorse the program, Honda Professional Automotive Career Training (PACT) at San Diego Miramar College. I confirm that there is an unmet labor market demand in San Diego County for the occupations that this program trains for. The occupations that this program provides training for include:

- Honda Express Service Technician
- Honda Line Technician Trainee
- Honda Certified Maintenance and Repair Technician

Individuals working in these occupations can expect to earn between \$32,000 and \$40,000 annually in entry-level positions.

In the past, I have hired students from the PACT program at San Diego Miramar College, and expect to hire more technicians in the upcoming months.

This affirms that there are jobs available for program completers within the local service area of the college after taking into account the number of completers in similar programs at other institutions—as required by Education Code section 78015 and the California Community Colleges Chancellor's Office Program and Course Approval Handbook (PCAH).

Sincerely,

A handwritten signature in blue ink, appearing to read "R. Perkio".

Ryan Perkio

Service Director
