Hi Everyone,

Emily is proposing a certificate of achievement that I didn't represent correctly at our meeting in the Spring. This will recognize students who complete a series of courses that feature use of Adobe software. Bridging curricular areas of the Visual Media Technology department becomes a part of their permanent FCC record and will appear in their permanent transcript.

This is the first week of class in the Fall 24 semester and we have an August 23rd deadline for curriculum submission. We need an email vote from the Advisory Committee to move forward with the proposal. I apologize for the urgency of this request but kindly reply to this message with your comments as soon as possible.

Please see the attached .pdf file for information.

Thanks In Advance,
Craig

Hi Everyone,

Emily is proposing a certificate of achievement that I didn't represent correctly at our meeting in the Spring.

This will recognize students who complete a series of courses that feature use of Adobe software.

Bridging curricular areas of the Visual Media Technology department becomes a part of their permanent FCC record and will appear in their permanent transcript.

This is the first week of class in the Fall 24 semester and we have an August 23rd deadline for curriculum submission.

We need an email vote from the Advisory Committee to move forward with the proposal.

I apologize for the urgency of this request but kindly reply to this message with your comments as soon as possible.

Please see the attached .pdf file for information.

Thanks In Advance,
Craig
