Hi [Edwin and Russell](#) and Marlow.

This email seeks collegial consultation regarding a newly proposed program at Santa Monica College:
Applied Artificial Intelligence.

We are planning a new program which will eventually come to the LARC agenda for recommendation.
It will be housed in our Computer Science Information Systems department.

Attached is the LMI report to support this program. It shows demand for employment in this area.

Attached are our curriculum documents describing the new courses and the certificate.

Feel free to reach me if you have any further questions or concerns.

Take care—
H
