

Industry Advisory Committee

Minutes of vote - March 1, 2024

Survey Responses received from: Craig Polanowski, Jonathan Mathis, Emily Redondo, Candace Egan, Roberto Carlos, Alan Reynolds, Rudy Luna, Richard Harrison, Sara Deasy, John Ramirez, Marietta Dalpez, Michelle Wong, Jason Cooksey

Excerpt from the agenda dated 2/29/24:

Vote to approve change of Digital Video certificate to Digital Video Certificate of Achievement.

The GRC program is currently in curriculum review, and I found out today that we need to have a vote to convert the old "Digital Video certificate" (local to FCC only) to a "Digital Video Certificate of Achievement" (appears on the student transcript and is recognized by the State Chancellor's office).

Please see the two attachments – the certificate and the proposed certificate of achievement. The list of courses and units remains unchanged, but the value of this award increases greatly to the student.

In addition, this is a "stackable" certificate that becomes a stepping stone to the already existing Associate of Science Degree or larger Certificate of Achievement in Video Production.

Please take a moment to cast your vote ASAP. My hope is to submit the results tomorrow. I have to respond to the Office of Instruction prior to the meeting on Monday.

Results:

13 members voted to unanimously approve changing the current certificate to a certificate of achievement. The course requirements remain the same, but benefit the student greatly.

Program Summary

Digital Video - Formerly Digital Video Option - Major #8509 - Certificate

Codes and Dates

Current Effective Date 2021 Spring Semester

Curriculum Committee Approval: 04/27/2020

Board of Trustees Approval: 06/02/2020

Department: VMT

Subject: (GRC) Graphic Communications

TOP Code 0614.10 - Multimedia*

Description

This certificate prepares the student for entry level work in digital video production.

Program Learning Outcomes

Upon successful completion of this program, students will be able to:

1. Successfully operate a digital video camera to capture footage in a variety of lighting conditions.
2. Capture audio using a digital recorder and compile it with existing audio tracks while maintaining synchronization.

Degree Requirements

Required Courses		13.0

Q2 As a group, we have discussed the GRC certificates and degrees over the past two years. We have made several changes to certificates and some deletions. The program is currently in curriculum review, and I found out today that we need a vote to convert the old "Digital Video certificate" (local to FCC only) to a "Digital Video Certificate of Achievement" (appears on the student transcript and is recognized by the State Chancellor's office). The list of courses and units remains unchanged, but the value of this award increases greatly to the student. In addition, this is a "stackable" certificate that becomes a stepping stone to the already existing Associate of Science Degree or larger Certificate of Achievement in Video Production. I found out yesterday that GRC appears before the curriculum committee Monday, March 4. If we do not have approval from the advisory committee, the certificate change will likely be denied. This postponement could result in waiting a year and a half to implement the certificate change. Please take a moment to cast your vote ASAP. My hope is to submit the results tomorrow. I have to respond to the Office of Instruction prior to the meeting on Monday. Thank you in advance, Craig _____ Do you vote to change the existing local certificate in Digital Video to become a Certificate of Achievement in Digital Video?
