Hello to the LARC Workforce Council.

ELAC is planning on submitting a Certificate of Achievement for Emergency Medical Awareness and Response at the July business meeting. According to the LMI report provided by the Centers of Excellence, your College is listed as having an existing program in EMT Services subject matter. If there are any questions or you would like additional information, please reach out to me at my information below.

Fyi...this Certificate is being put in place due to an ISA that we have with PWA (Power Works Alliance) in conjunction with EDD.
