Subject: RE: [EXTERNAL] Collegial Consultation for Heavy Truck Maintenance Certificate at Citrus College

Hi Mike,

We appreciate Rio Hondo's support!

Take care,

Kim

Good Morning and Happy Friday Mike and Marcia!

I hope you've been having a great week.

You might have noticed that Citrus College submitted a Program Data Request in February for a Heavy Truck Maintenance certificate. We have received the LMI (attached), and your colleges were listed as offering similar programs. We wanted to connect with you for the purposes of collegial consultation. This certificate was developed to serve the needs of our industry partners by creating a pathway for an entry level technician. This certificate will include training on basic shop safety, preventative maintenance inspections, proper repair order documentation, air brakes training, tire services, and basic hydraulic maintenance and repairs. I have copied Spencer Boldt, our Medium & Heavy-Duty Diesel Truck Technology Coordinator and faculty lead. Please feel free to reach out to Spencer directly should you have any questions and/or concerns.

Thank you, and may you have a lovely weekend!

Kim
