Regional Recommendation Process:

The Inland Empire/Desert Regional Consortium comprises the 12 community colleges in Riverside and San Bernardino counties. The California Community College Chancellor's Office requires that all requests for new CTE program approvals include a recommendation from the "appropriate CTE Regional Consortium" (PCAH 7th Edition, page 22). This recommendation ensures program offerings meet regional labor market needs and do not unnecessarily duplicate programs.

The IE/DRC vested responsibility for recommending new programs, program revisions, and other program matters with its CTE Deans subcommittee (click here to see [IE/DRC Governance](#)).

Regional recommendation should occur at the beginning of new program development. Colleges seeking regional recommendation must submit their request online at [RegionalCTE.org](#).
